BULL MOOSE OR ?

BILLS FAIL TO STATE CHARACTER OF POLITICAL MEETINGS.

ARE CANDIDATES AFRAID?

First Time in History Standard Bearers of G. O. P. Have Failed to Advertise Their Politics.

The candidates on the Republican and Bull Moose county tickets are holding political meetings over the county, and the bills printed advertising these meetings make no mention of whether it is a Republican or Bull Moose meeting. Here is what the bills say: "Political speaking and candidates' meeting," and the speakers are J. W. Praisewater, W. E. Wiles, Geo. L. Evans, W. R. Tilson, E. T. Bailey, George S. Miller and Dr. D. T. Hunter, being the candidates on the Republican county ticket, and also the candidates on the Bull Moose county ticket, with the exception of George S. Miller, who is running only on the Republican ticket.

This is the first time in the history of the Republican party where Republican county candidates were ashamed to advertise themselves as Republicans. And even in advertising their political meetings the party candidates are afraid to make mention whether it is a Bull Moose meeting or a Republican one. Wonder what kind of a political meeting it is?

"Think of it! Republican county candidates afraid to advertise themselves as Republicans! And on top of this, they are not saying whether they are Bull Moosers."

DEATH OF AN OLD RESIDENT.

M. A. (Doc) Hann Died at His Home in Hopkins Friday Night.

M. A. Hann, one of the oldest residents of Hopkins, died at his home in that town Friday night at 12:15, after a short illness. He had not been well for over a year, but did not give up the struggle until last week, when he stayed at home under the care of a doctor. His death was a great surprise to his relatives and many friends.

The funeral services will be held in Hopkins on Sunday afternoon at 2 o'clock at the M. E. Church and will be conducted by Rev. Taylor, pastor of the church. Burial at Hopkins cemetery.

Mr. Hann was born in Calloway county, Missouri, on March 16, 1841, and had always been a resident of Missouri. He came to Hopkins over forty years ago and engaged in the livery business, in which he continued until the time of his death. He was known far and wide as Doc Hann, and was considered a square business man. On April 2, 1865, he was married to Sarah Davis of Lynn, Ia., and two daughters survive with Mrs. Hann. They are Mrs. Charles Butler of Hopkins and Mrs. Charles Strawn of Maryville. Three step-children also survive, Charles Hann of Hopkins, who was associated with Mr. Hann in the livery business; Will Hann of Hopkins and Mrs. Angeline Hallstead of Iowa.

Mr. Hann was a member of the Methodist church and also of the Masonic lodge.

QUESTIONS FOR HADLEY.

The Governor May Answer Them at the Time He Speaks in Maryville.

Several questions have been sent to Governor Hadley at Jefferson City by the Progressive club of Joplin and the Governor can answer them at his meeting to be held in Maryville on November 2. Here are the questions:

"You were one of the seven governors who signed a call to Theodore Roosevelt to become a candidate for president. Since that time has Mr. Roosevelt been guilty of any act, public or private, that would lead you to believe that he is not desirable for that office? If so, why have you not given the facts to the people?"

"You stated on the floor of the Republican convention at Chicago that no man could receive the nomination with honor from that convention as then constituted. If this statement is false, why have you not the manhood to say so? If it was true, why should we listen to your attempts to dodge the issue?"

Do you believe that the attempts of the Republican party in Missouri through the so-called home rule plank, to nullify the Sunday Closing Law for saloons in St. Louis and other large cities is progressive?

Is the attempt to put convict printed books in the public schools a progressive plank?

Do you believe that the Republican state committee is a progressive body?

If you are opposed to the Progressive party simply because you desire to perpetuate the Republican machine in this state, why should we assist you when we are bitterly opposed to all political machines?

It is an axiom that he who deserts a cause must first prove his honor before he is again received with confidence.

TICKET WAS FILED

STEP TAKEN SATURDAY BUT BULL MOOSE LEGALLY IN FIELD.

TOOK THREE CERTIFICATES

Nominations Made by County Central Committee, County Committee and by 140 Electors.

Petitions were filed Saturday with County Clerk Demott by the Progressive party of this county, with the names of their party county candidates. Petition No. 1 is the certificate of nomination by the Progressive party central committee. Petition No. 2 is the certificate of nomination by the Progressive county convention, and petition No. 3 is the certificate of nomination by the electors of the county, with the same men for county officers as the Progressive party selected. On this petition there were 104 signers declaring that they have not aided in the nomination of any men for county officers except their party candidates, and declaring that they will vote for this ticket.

The candidates on these petitions of the Progressive, or more commonly known as the Bull Moose party, are the same men that are running on the county Republican ticket, with the exception of Ira K. Alderman, who is a candidate on the Bull Moose ticket for public administrator.

It was necessary for the Bull Moose party to file these petitions in order to get their party ticket on the ballot. The party was not organized until after the August primary, and they are taking every step necessary to comply with the law so their ticket can be voted on at the November election.

Sues the Wabash.

Suit against the Wabash was filed Saturday by Attorney B. R. Martin of St. Joseph for F. M. Haynes. In the petition it alleges that on November 30 Mr. Haynes shipped two car loads of sheep to the National stock yards in East St. Louis, and that the railroad was so negligent and careless that the stock did not arrive at the yards until after an eighteen hours' lateness. One sheep was lost in transit and the plaintiff asked for \$311.13.

New Minister Arrives.

Rev. and Mrs. G. S. Cox arrived in Maryville Friday night from Rock Port and are at the Linville hotel, where they will be until they are settled in their new home at the First M. E. church parsonage. Rev. Cox begins his pastorate with the First M. E. church of this city Sunday morning. Rev. Cox and his family will spend Saturday night and Sunday at the home of Mr. and Mrs. J. T. Linville.

WHAT THEY SAY ABOUT REV. COX

Rock Port Keenly Disappointed on Losing Their Methodist Pastor.

The following is what the Rock Port Journal says about losing Rev. Gilbert S. Cox, who will preach his first sermon of his pastorate here at the First M. E. church Sunday:

The list of appointments made at the recent Methodist Episcopal conference, held at Hamilton, and published in Monday's papers, brought keen disappointment to the Methodist congregation in particular and to Rock Port in general, as it carried the information that Rev. Gilbert S. Cox, for the past two years pastor here, had been transferred to Maryville for the coming conference year.

When Rev. Cox was asked by District Superintendent Christy to go to Maryville a week ago last Sunday to fill Dr. Ford's pulpit for the day, there was a general feeling that Maryville would make a try to secure him for the coming year, but the belief was that should Rev. Cox's own inclination be followed he would return to Rock Port. However, it seems he had little to say as to the appointment, and can only go where he is sent. Not that the Maryville station is undesirable, for it is not, carrying a large increase in salary over the Rock Port church, but because Rev. Cox has so established himself in the life of this town and the hearts of its people that it seems rather hard to give him up when he has not had the opportunity of remaining the full term of four years, which it seems is the limit allowed by the Missouri conference.

During the two years this energetic and popular young minister has been here he has caused his church to become the center of interest of all the best things of the community; he has put the church on a footing which it never before enjoyed, and made friends of every citizen of the town. Through his efforts, and because of his own ability along that line, the musical programs at the Methodist church have been something which drew many people to the church and kept them interested. He was instrumental in organizing the Rock Port Choral society, of which he has been director, and which he has made quite an impression in the giving of high grade oratorios during its two years' existence.

STATE TO AID ROADS

BILLS WILL BE INTRODUCED IN NEXT LEGISLATURE.

WANT \$2000 PER COUNTY

That Amount, With a Like Sum From County for Road Dragging—Constitutional Amendment in 1914.

The general assembly will be asked this winter to pass laws for the benefit of Missouri roads. Curtis Hill, state highway engineer, has just returned from a conference with Senator Carter of Kahoka, Clark county. The matter of legislation for the state's highways was taken up, says the University Missourian.

"Eventually, road building must be a function of the state government," says Mr. Hill. "Not an absolute control, nor a control of local details, but a general state supervision, so that the state will be willing to lend its financial aid and can know that its funds are expended to the best advantage. This is the key to the solution of the road problem."

Senator Carter is to father two bills looking toward state aid for good roads.

The first of these is to get a \$2,000 appropriation from the state for the purpose of dragging the dirt roads in each county on condition that the counties shall appropriate equal amounts for the same purpose. This will make \$4,000 to be expended annually in each county for road dragging alone. The idea is to continue this plan two years, at the end of which time it is hoped that people will be educated up to the point of demanding care of the roads all the time. If successful, it will lead to appropriations eventually for hard surface roads.

In the meantime an attempt will be made to put through the legislature an amendment to the constitution providing for a road tax, probably of ten cents. After the resolution has been introduced there will have to be a vote taken; so the amendment can not be passed until 1913 or 1914. In the meantime this other appropriation will furnish funds to take care of the roads to a certain extent.

Two previous attempts to pass this road tax amendment have failed. One was made in 1908, the other in 1910. A peculiar feature of its defeat was in the fact that the heaviest vote against it came from farmers living along the roads, who would be most benefited by it. All the big cities of the state, paying about three-fourths of the tax, voted for it, while the farmers, paying one-fourth, voted against it.

Became Insane.

Charles Coombs, who said his home is near Burlington Junction, and who was arrested last night for being drunk, became violently insane in a cell at central police station Friday at St. Joseph. He was attended by Dr. W. H. Littler, assistant city physician, and was transferred to the padded cell for fear he would harm himself.—The News-Press.

Left for Oklahoma.

George W. Lieber of Oklahoma City, who has been visiting in this city with his brother, Mrs. John Lieber, and his sisters, Mrs. Gallatin Craig and Mrs. O. L. Holmes, left for his home Friday morning, stopping in Kansas City on the way.

Mr. and Mrs. Clark Andrews returned Friday night from a visit with their son, Arthur Andrews, and family at Conway Springs, Kan.

SOME GOOD REASONS.

Why every voter should oppose the reelection of President Taft:

1. He signed the Payne-Aldrich tariff bill, and referred to it as the best tariff law ever enacted.
2. He vetoed the farmers' free list bill, the woolens bill, and other bills reducing excessive tariff duties.
3. He has failed to take any steps to lessen the present high cost of living.
4. He supported Ballinger in his efforts to turn rich coal deposits in Alaska over to the Guggenheims.
5. He has used federal patronage to maintain a political machine manipulated in his behalf.
6. He abandoned his official duties to enter into an undignified scramble with his predecessor for renomination.
7. He has lost the confidence of his party and of the people.
8. He failed to support Dr. Wiley in his administration of the pure food law.
9. His trust policy has helped the

trusts and brought no relief to the people.

10. His administration has resulted in disappointment and failure.

11. He is a reactionary.

12. Ex-President Roosevelt, who knows him best, says of him: "He has proved faithless to the cause of the American people."

POLITICAL NOTES.

(From Democratic Bureau.)

If Taft's nomination was tainted with fraud, as Hadley charged and proved, what has since occurred to make it pure? Was Hadley a paid advocate at Chicago, or is he a paid advocate now? What was dishonest in June cannot be honest in November, and attempted disfranchisement added to open fraud cannot remove from the Republican party the stain of dishonor nor make it possible for an honest Republican to vote his party ticket this year.

What Major Has Done for You.

1. Sustained full weight statute saving \$500,000 annually to Missouri farmers.

2. Sustained stamp act and turned \$100,000 into state treasury for good roads, which fund is growing at the rate of \$100 per day.

3. Convicted oil trust in United States supreme court and collected \$100,000 fine for state.

4. Convicted lumber trust before commissioner; fine to be assessed later.

5. Forced beef trust to dissolve National Packing company.

6. His vote with Roach and Gordon on equalization board prevented 300 per cent increase in your state tax.

These things Major has done for you. Now what will you do for him? He has been your friend. Will you be his friend now?

Major is the Democratic nominee for governor. Election November 5th.

The question of taxation is uppermost in the minds of Missouri voters this year. It ought to be. The Missouri taxpayer was never in greater danger. With the single tax amendment on the ballot and the Republican state platform and candidates endorsing Hadley's attempt to treble the taxes, it can readily be seen in what peril a Republican victory would place the taxpayers of the state. Vote the Democratic ticket if you would keep your taxes down.

Twenty-five ladies of the M. E. church, South, spent Friday afternoon, October 18, with Mrs. W. W. Andrews, at her pretty country home, three miles southwest of Maryville. The guests occupied the afternoon with social converse and fancy work. The entire afternoon was delightful and the hostess served a two-course lunch to her visitors.

Distinguished Guests at Luncheon.

Mr. and Mrs. Frank H. Shepherd entertained the editorial staff of The Pragmatist, the school paper for the Northwest Normal, Friday evening at their home, 421 West Eleventh street. The time was spent in discussing ways and means to better the school paper and make it more truly the index of the school and student body. Mrs. Shepherd served the high brows a luncheon as her contribution to the cause.

Guests of the Hines.

Miss Fannie Hope, Miss Carrie Hopkins, Miss Katherine Helwig, Miss Orrel Helwig, Miss Harriet Day, Miss Alice Martin, Miss Jessie Mutz, Miss LaRue Kemp and Miss Hettie Anthony went to Savannah Saturday morning to spend the day as the guests of Mr. and Mrs. W. Jewel Art Club Meeting.

Misses Ola and Ora King entertained the Jewel Art club at the home of Mrs. W. J. Staples Friday evening, and it proved to be the best meeting the club has had since its organization a few weeks ago. During the business session it was decided to give a party on All Hallowe'en night, Thursday, October 31, at the home of Miss Angie VanHorn. The evening was spent in making embroidery bags of pink silk popline, lettered in old English letters of green. Those present were Misses Clara Tabler, Verna Woodard, Lois and Mildred Cummings, Oma Robey, Cleo Grundy, Bernice East, Mayme Tilson, Angie VanHorn, Daisy, Maggie and Dora Allen and the hostesses. The bridegroom has been engaged in farming with Albert Ford, west of Maryville, the past two years, and both he and his bride have many friends among the people of that community who wish them a long life of happiness and prosperity. Mr. and Mrs. Rable left on the Burlington train for Fort Wayne, where Mr. Rable has a railway position, stopping in Savannah for a short visit before going to their home. The bride wore a most becoming traveling suit of gray.

Advanced Seniors Entertain.

The advanced senior class of the high school gave a party Friday night at the hall of the Knights and Ladies of Security as a courtesy to the high school faculty and beginning senior class. The hall had been greatly beautified with autumn leaves. Progressive dominoes were played, Ray McPherron winning the prize. On the arrival of the guests each had his fortune told by Miss Carrie Margaret Baker, who has become very proficient in reading the lines in one's hand. She had each one alone and safe in a booth with her while she told their fortunes, and no one heard of the many things that are in store for each, but as every one was the happier for having visited her, it is safe to say that honor, fortune and fame will continue to be the lot of the Maryville high school graduates for at least two years to come. After the games a luncheon of chicken and brown bread sandwiches, cranberry jelly, salads, hot chocolate and pickles were served. The advanced seniors are Miss Hazel Everhart, Miss Carrie Margaret Baker, Miss Helen Helply, Miss Hermione

LAXATIVE FOR OLD PEOPLE—"CASCARETS"

What Glasses Are to Weak Eyes, Cascarets Are to Weak Bowels—
A 10-Cent Box Will Truly Amaze You.

Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are muscles. So all old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty.

Age is not a time for harsh physics. Youth may occasionally whip the bowels into activity. But a lash can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets, and they cost only 10 cents per box at any drug store. They work while you sleep—Advertisement.

SAID SHE WOULD FAINT

Mrs. Della Long Unable to Stand On Her Feet More Than a Few Minutes at a Time.

Pendergrass, Ga.—Mrs. Della Long, of this place, in a recent letter, says: "For five or six years, I suffered agonies with womanly troubles."

"Then, I couldn't sit up more than a few minutes at a time, and if I stood on my feet long, I would faint."

"I took Cardui, and it helped me immediately. Now, I can do my work all the time, and don't suffer like I did."

"Take Cardui when you feel ill in any way—weak, tired, miserable, or under the weather. Cardui is a strength-building tonic medicine for women."

"It has been found to relieve pain and distress caused by womanly troubles, and is an excellent medicine to have on hand at all times."

Cardui acts on the womanly constitution, building up womanly strength, toning up the nerves, and regulating the womanly organs.

"Its half century of success is due to merit. It has done good to thousands. Will you try it? It may be just what you need. Ask your druggist about Cardui. He will recommend it."

CHURCH SPEAKER GOT A SURPRISE

Accused Champ Clark of Blocking Liquor Legislation.

PROMPTLY DENIED BY MRS. CLARK

H. T. Laughbaum Did Not Know Speaker's Wife Was in His Audience Till She Rose to Defend Her Husband.

Vinita, Ok., Oct. 19.—Rising in a large audience in a church here, Mrs. Champ Clark, wife of the speaker of the house of representatives, pointed her finger at the speaker, H. T. Laughbaum, and told him he deliberately was misrepresenting the attitude of her husband toward the Shepherd-Kenyon bill that was pending before the last session of congress.

Laughbaum declared that when every effort possible was being made by prohibition leaders of the country to get the bill reported from the committee, the influence of the speaker was used against them.

"That is untrue," declared a woman who rose in the house. "I'm Champ Clark's wife, and I know that you are misrepresenting his position. You have no right to do it, and I am pleased to tell you so."

"Excuse me," she said.

Laughbaum protested that he was right and recalled some incidents of a conference of prohibition leaders in Washington a few months ago, when demand was made for a law prohibiting the shipping of liquor into dry territory, and he declared it was the consensus of opinion of men attending that meeting that Speaker Clark was obstructing legislation of that kind. Mrs. Clark remained standing until he had concluded his explanation.

"It is untrue," she declared again. "I know Mr. Clark's position. I have known him longer than you have. If you'll excuse me, I don't care to hear any more of the lecture."

"You are excused," said Laughbaum.

Women Left the Church.

Mrs. Clark, accompanied by half a score of Vinita women, indignantly and with considerable flurry left the church.

Laughbaum is superintendent of the Anti-Saloon League of Oklahoma and had been called to Vinita by the temperance organization to deliver an address.

"I did not know Mrs. Clark was in the audience," he said later. "Had I known it, I certainly would have said nothing to hurt her feelings. While I believe the charges I made against Clark, I probably would have changed my method of saying them in the presence of his wife."

ARRESTED MORE SOCIALISTS

Even Speeches in Sign Language Termed "Rioting" by Sheriff at Little Falls, N. Y.

Little Falls, N. Y., Oct. 19.—Charles Rowe of Amsterdam and John Latimore of Utica were added to the Socialists under arrest here by the sheriff, Rowe because he started to read the constitution of the United States from a soap box and Latimore for addressing the bystanders in the deaf and dumb sign language.

Shortly afterward John E. Cole, public service commissioner of Schenectady, who tried to talk, was also taken to the station house. Each arrest was preceded by the reading of the riot act by Sheriff Moon and an order to the crowd, most of which was actuated by motives of curiosity.

A. I. Harrison a Suicide.

Los Angeles, Cal., Oct. 19.—A. I. Harrison, former United States army lieutenant, a son of J. Scott Harrison of Kansas City and nephew of the late President Benjamin Harrison, committed suicide in his apartments here. "Unto the Least of These—"

Macon, Mo., Oct. 19.—Ed I. Dunham, a farmer near Elmer, found a man a few days ago, apparently about 30 years old, lying near a haystack on his farm dying. A doctor was summoned, but he died without speaking. Nothing was found in his pockets—no money, no address of any kind. A subscription was taken for his burial and the unknown man was buried in the village cemetery.

Woodmen Are Enjoined.

GAVE HIS LIFE FOR A STRANGER

"Newsboy" Who Made Noble Sacrifice is Dead—Citizens of Gary, Ind., Plan Statue.

Gary, Ind., Oct. 19.—William Rugh, the crippled Gary newsboy who sacrificed his leg to save the life of Ethel Smith, a girl he had never seen, died at Gary hospital at 2 a. m. Up until the night before the physicians in charge said that he was making satisfactory progress. He was 41 years old.

Miss Smith is on the way to recovery, while Rugh's body lies in the hospital morgue waiting for somebody to claim it.

Steps have already been taken to perpetuate the story of his sacrifice. A public meeting has been called for next Monday night at which plans will be made for the raising of money to erect a statue to the memory of the "newsboy," who gave his leg and life to save a girl.

Miss Smith, who has not fully recovered from the effects of the burns and the operation, was not informed of Rugh's death until late in the day. "I am so sorry," she sobbed. "He gave his life for me and I could do nothing for him."

Serious Kidney Disease Treated By an Old - Fashioned Doctor

S. B. HARTMAN, M. D.

In 1866 I was practicing medicine in Millersville, Pennsylvania, a thriving farming community. A prominent citizen of that locality called at my office one day in a very feeble condition. So much so he had to be assisted in alighting from his wagon.

I found on questioning him that he had been afflicted for about two years. He had consulted various doctors, among them a specialist from Philadelphia. They pronounced his disease to be Bright's disease of the kidneys. He was gradually failing in strength, losing flesh rapidly, and altogether presented a very pitiable spectacle, the remnant of a once strong and happy man.

I had been treating a neighbor of his successfully. This neighbor had highly recommended me and thus it was he had come to me.

He told me that the doctors had practically given up his case as hopeless and he felt free to consult any other physician. I hesitated to take the case, as I felt sure I could not do anything more than the other physicians had done. I told him so, yet he insisted upon my prescribing. I was a graduate of the Jefferson Medical Col-

lege at Philadelphia, and as one of the consulting physicians had been a professor in that college it seemed to me quite unlikely that I would be able to do any more than had been done, but I prescribed what seemed to be the best thing under the circumstances.

He went away and in a week he returned saying he was no better, that he was still losing ground. He judged that he had taken the same medicine before. No doubt he had. But he wished me to prescribe again. I did so.

This went on for about two months, the patient failing all the time, and I was becoming thoroughly discouraged with the case.

One day the patient said to me, "Doctor, why don't you give me the medicine you gave my neighbor? We all thought he would die, but your medicine cured him. This was why I came to you. Why not give me the same medicine you gave him?"

"But," I said, "your neighbor did not have kidney disease. It was a bowel complaint that I prescribed for in his case. I remember I gave him the Neutralizing Mixture that I make a great deal of use of in bowel diseases."

"Well, I want some of the same medicine you gave him. It worked wonders with him and I believe it will with me."

"But," I said, "this is not a medicine for kidney disease."

"Well, since you seem to be like the rest of the doctors, you cannot help me, why not try the medicine that helped my neighbor?"

After some hesitation I concluded to give him a bottle of it. In ten days he returned. He at once began to berate me in no complimentary words, saying:

"You knew very well this medicine would help me. You held it back merely to get more fees for treating me. From the first the medicine has helped me and I have made rapid improvement. If I could have had this medicine a year ago I should have been saved a great deal of expense and loss of time."

I replied that I was glad the medicine had helped him. I was somewhat confused by his brusque manner and rough speech. I gave him another bottle of medicine. Did not see him again for about three weeks. Once more he

called at my office for another bottle of medicine, which was his last call. A month or so afterwards a neighbor of his called and got a bottle of the same medicine, saying that my patient was practically a well man, attending to his duties about his large farm.

I had given him the Neutralizing Mixture which was a remedy that I had used before only for bowel diseases. The same remedy that has since been sold under the name of Peruna. I could not then understand how it was that Peruna should operate so beneficially in such seemingly different diseases. I had not yet grasped the correct philosophy of disease. I did not then clearly comprehend that catarrh may affect the kidneys as well as the bowels. Nothing of that sort was taught in the books in those days. It took me years before I clearly comprehended that catarrh was a disease liable to attack any organ of the body.

Catarrh is a disease of the mucous membranes. The mucous membranes line every organ, duct and cavity in the body. Thus it is catarrh may settle anywhere where there is a mucous membrane.

Peruna is my remedy for all these cases. I insist upon it, however, that Peruna is not a cure-all. I use it for just one disease, catarrh. But as catarrh is liable to affect so many different places, disturb so many different functions, derange so many different organs, it does seem to many people as if I regarded Peruna as a cure-all.

The above narrative is simply one of the many cases in my early practice that brought me to comprehend the wonderful efficacy of Peruna in such a variety of diseases. The kidneys may be affected by other diseases than catarrh, but the average case of kidney disease is catarrh of the kidneys. All cases of Bright's disease begin with catarrh of the kidneys. This being true, and it also being true that Peruna is a catarrh remedy, it follows that a great many cases of kidney disease would be benefited by Peruna.

WANTED GREECE TO KEEP OUT

Turkey Made Every Effort to Break
Up Balkan Federation.

TURKS TO USE DISEASE GERMS?

Story From Athens Says Surgeons
are Preparing to Spread Typhoid
and Cholera Pestilence
Among Troops.

Athens, Oct. 19.—The foreign minister at the sitting of the chamber of deputies announced that when Greece had declared war Turkey had made all kinds of efforts and held out all sorts of promises to have Greece break away from the Balkan confederation.

Premier Venizelos read to the deputies a telegram from Crown Prince Constantine reporting that the Greek army had entered Turkish territory. When the premier had concluded the minister of war rose and announced the departure of the Greek fleet.

Amid cheering the president of the chamber asked permission of the deputies to send greetings to the legislative chambers of the allies now that "cannon are roaring in the name of civilization and Christianity is at war against barbarism."

Offered New Minister.
Constantinople, Oct. 19.—The deputies from Constantinople of the Balkan ministers was not attended by any hostile demonstration.

Doubt prevailed up to the last moment whether Greece finally would throw in her lot with her Balkan allies. It is an unquestionable fact that the Turkish government made earnest efforts to have Greece withdraw her allegiance to the confederation.

Turkey also at the last moment offered to send a new minister to Athens—one more acceptable than Mukhtar Bay—but this effort likewise proved futile.

Heavy fighting is reported to have been in progress throughout the day in the region about Kirk-Klesseh, northeastward of Adrianople. Large forces were engaged on both sides.

Servians Capture a Town.
Belgrade, Oct. 19.—There was great rejoicing here over an unconfirmed report that Servians had captured Pristina, a town of 15,000 inhabitants in the vilayet of Kossovo, Turkey.

Germs as Weapons.
Athens, Oct. 19.—Armed with test tubes full of typhus and cholera germs, to be loosed against the enemy, a party of Turkish surgeons is on its way from Constantinople to Jamina, on the Greek frontier, according to a semi-official statement credited to a Greek government source.

FARMERS NEGLECT DRAINAGE

Land Owners Showed Little Interest
in First Meeting to Discuss
Subject in Missouri.

Jefferson City, Oct. 19.—A meeting of those interested in the reclaiming of lands and drainage in general of levees was held here, the first of the kind in Missouri. There was a fair attendance of experts, but a lack of land owners in the sections of the state most interested that was rather discouraging.

The agricultural possibilities of land reclaimed and the proper crops to be grown was the subject of an address by Prof. M. F. Miller of the state university. Edmund T. Perkins, Chicago, formerly with the government reclamation service, and first vice-president of the national drainage congress, spoke on the advantages of uniting drainage systems. The meeting is to be continued over another day.

Johnson Heavily Guarded.

Chicago, Oct. 19.—Twenty-five policemen escorted Gov. Hiram W. Johnson from the Grand Central railway station to his hotel. The large guard was ordered by Chief of Police McWeeny as a result of the attempt to assassinate Col. Roosevelt. Chief McWeeny said no chance would be taken of a similar attack on the colonel's running mate.

Militia to Stop Gambling.

Kearney, Neb., Oct. 19.—Gov. Thomas R. Marshall of Indiana telegraphed his secretary at Indianapolis instructing him to send militia to the Mineral Springs race track in northern Indiana, providing the attorney general had ascertained that the Indiana gambling laws were being violated, and the sheriff of Porter county refrained from doing his duty.

Dog Saved a Woman.

Fort Smith, Ark., Oct. 19.—Mrs. Cranston Jones fainted and fell into a fireplace at her home in Rogers. A dog saw her fall and ran to the back yard, where her husband was at work, causing Jones to investigate. He found his wife in the fireplace and rescued her.

Scrubwoman Gets a Fortune.

Chicago, Oct. 19.—Mrs. Effie Bender, a scrubwoman who had lived in poverty here for years has just received the cheering news that she had been left \$250,000 by the will of Frank Mandell of Helena, Mont., a sweetheart of her youth.

BULL MOOSE OR ?--

BILLS FAIL TO STATE CHARACTER OF POLITICAL MEETINGS.

ARE CANDIDATES AFRAID?

First Time in History Standard Bearers of G. O. P. Have Failed to Advertise Their Politics.

The candidates on the Republican and Bull Moose county tickets are holding political meetings over the county, and the bills printed advertising these meetings make no mention of whether it is a Republican or Bull Moose meeting. Here is what the bills say: "Political speaking and candidates' meeting," and the speakers are J. W. Praisewater, W. E. Wiles, Geo. L. Evans, W. R. Tilson, E. T. Bailey, George S. Miller and Dr. D. T. Hunter, being the candidates on the Republican county ticket, and also the candidates on the Bull Moose county ticket, with the exception of George S. Miller, who is running only on the Republican ticket.

This is the first time in the history of the Republican party where Republican county candidates were ashamed to advertise themselves as Republicans. And even in advertising their political meetings the party candidates are afraid to make mention whether it is a Bull Moose meeting or a Republican one. Wonder what kind of a political meeting it is?

"Think of it! Republican county candidates afraid to advertise themselves as Republicans! And on top of this, they are not saying whether they are Bull Moosers."

DEATH OF AN OLD RESIDENT.

M. A. (Doc) Hann Died at His Home in Hopkins Friday Night.

M. A. Hann, one of the oldest residents of Hopkins, died at his home in that town Friday night at 12:15, after a short illness. He had not been well for over a year, but did not give up the struggle until last week, when he stayed at home under the care of a doctor. His death was a great surprise to his relatives and many friends.

The funeral services will be held in Hopkins on Sunday afternoon at 2 o'clock at the M. E. Church and will be conducted by Rev. Taylor, pastor of the church. Burial at Hopkins cemetery.

Mr. Hann was born in Calloway county, Missouri, on March 16, 1841, and had always been a resident of Missouri. He came to Hopkins over forty years ago and engaged in the livery business, in which he continued until the time of his death. He was known far and wide as Doc Hann, and was considered a square business man. On April 3, 1865, he was married to Sarah Davis of Lynn, Ia., and two daughters survive with Mrs. Hann. They are Mrs. Charles Butler of Hopkins and Mrs. Charles Strawn of Maryville. Three step-children also survive, Charles Hann of Hopkins, who was associated with Mr. Hann in the livery business; Will Hann of Hopkins and Mrs. Angeline Hallstead of Iowa.

Mr. Hann was a member of the Methodist church and also of the Masonic lodge.

QUESTIONS FOR HADLEY.

The Governor May Answer Them at the Time He Speaks in Maryville.

Several questions have been sent to Governor Hadley at Jefferson City by the Progressive club of Joplin and the Governor can answer them at his meeting to be held in Maryville on November 2. Here are the questions: "You were one of the seven governors who signed a call to Theodore Roosevelt to become a candidate for president. Since that time has Mr. Roosevelt been guilty of any act, public or private, that would lead you to believe that he is not desirable for that office? If so, why have you not given the facts to the people?"

"You stated on the floor of the Republican convention at Chicago that no man could receive the nomination with honor from that convention as then constituted. If this statement is false, why have you not the manhood to say so? If it was true, why should we listen to your attempts to dodge the issue?"

Do you believe that the attempts of the Republican party in Missouri through the so-called home rule plank, to nullify the Sunday Closing Law for saloons in St. Louis and other large cities is progressive?"

Is the attempt to put convict printed books in the public schools a progressive plank?"

Do you believe that the Republican state committee is a progressive body?"

If you are opposed to the Progressive party simply because you desire to perpetuate the Republican machine in this state, why should we assist you when we are bitterly opposed to all political machines?"

It is an axiom that he who deserts a cause must first prove his honor before he is again received with confidence.

TICKET WAS FILED

STEP TAKEN SATURDAY BUT BULL MOOSE LEGALLY IN FIELD.

TOOK THREE CERTIFICATES

Nominations Made by County Central Committee, County Committee and by 140 Electors.

Petitions were filed Saturday with County Clerk Demott by the Progressive party of this county, with the names of their party county candidates. Petition No. 1 is the certificate of nomination by the Progressive party central committee. Petition No. 2 is the certificate of nomination by the Progressive county convention, and petition No. 3 is the certificate of nomination by the electors of the county, with the same men for county officers as the Progressive party selected. On this petition there were 104 signers declaring that they have not aided in the nomination of any men for county officers except their party candidates, and declaring that they will vote for this ticket.

The candidates on these petitions of the Progressive, or more commonly known as the Bull Moose party, are the same men that are running on the county Republican ticket, with the exception of Ira K. Alderman, who is a candidate on the Bull Moose ticket for public administrator.

It was necessary for the Bull Moose party to file these petitions in order to get their party ticket on the ballot. The party was not organized until after the August primary, and they are taking every step necessary to comply with the law so their ticket can be voted on at the November election.

Sues the Wabash.

Suit against the Wabash was filed Saturday by Attorney B. R. Martin of St. Joseph for F. M. Haynes. In the petition it alleges that on November 30 Mr. Haynes shipped two car loads of sheep to the National stock yards in East St. Louis, and that the railroad was so negligent and careless that the stock did not arrive at the yards until after an eighteen hours' lateness. One sheep was lost in transit and the plaintiff asked for \$311.13.

New Minister Arrives.

Rev. and Mrs. G. S. Cox arrived in Maryville Friday night from Rock Port and are at the Linville hotel, where they will be until they are settled in their new home at the First M. E. church parsonage. Rev. Cox begins his pastorate with the First M. E. church of this city Sunday morning. Rev. Cox and his family will spend Saturday night and Sunday at the home of Mr. and Mrs. J. T. Linville.

WHAT THEY SAY ABOUT REV. COX

Rock Port Keenly Disappointed on Losing Their Methodist Pastor.

The following is what the Rock Port Journal says about losing Rev. Gilbert S. Cox, who will preach his first sermon of his pastorate here at the First M. E. church Sunday:

The list of appointments made at the recent Methodist Episcopal conference, held at Hamilton, and published in Monday's papers, brought keen disappointment to the Methodist congregation in particular and to Rock Port in general, as it carried the information that Rev. Gilbert S. Cox, for the past two years pastor here, had been transferred to Maryville for the coming conference year.

When Rev. Cox was asked by District Superintendent Christy to go to Maryville a week ago last Sunday to fill Dr. Ford's pulpit for the day, there was a general feeling that Maryville would make a try to secure him for the coming year, but the belief was that should Rev. Cox's own inclination be followed he would return to Rock Port. However, it seems he had little to say as to the appointment, and can only go where he is sent. Not that the Maryville station is undesirable, for it is not, carrying a large increase in salary over the Rock Port church, but because Rev. Cox has so established himself in the life of this town and the hearts of its people that it seems rather hard to give him up when he has not had the opportunity of remaining the full term of four years, which it seems is the limit allowed by the Missouri conference.

During the two years this energetic and popular young minister has been here he has caused his church to become the center of interest of all the best things of the community; he has put the church on a footing which it never before enjoyed, and made friends of every citizen of the town. Through his efforts, and because of his own ability along that line, the musical programs at the Methodist church have been something which drew many people to the church and kept them interested. He was instrumental in organizing the Rock Port Choral society, of which he has been director, and which he has made quite an impression in the giving of high grade oratorios during its two years' existence.

STATE TO AID ROADS

BILLS WILL BE INTRODUCED IN NEXT LEGISLATURE.

WANT \$2000 PER COUNTY

That Amount, With a Like Sum From County for Road Dragging—Constitutional Amendment in 1914.

The general assembly will be asked this winter to pass laws for the benefit of Missouri roads. Curtis Hill, state highway engineer, has just returned from a conference with Senator Carter of Kahoka, Clark county. The matter of legislation for the state's highways was taken up, says the University Missourian.

"Eventually, road building must be a function of the state government," says Mr. Hill. "Not an absolute control, nor a control of local details, but a general state supervision, so that the state will be willing to lend its financial aid and can know that its funds are expended to the best advantage. This is the key to the solution of the road problem."

Senator Carter is to father two bills looking toward state aid for good roads.

The first of these is to get a \$2,000 appropriation from the state for the purpose of dragging the dirt roads in each county on condition that the counties shall appropriate equal amounts for the same purpose. This will make \$4,000 to be expended annually in each county for road dragging alone. The idea is to continue this plan two years, at the end of which time it is hoped that people will be educated up to the point of demanding care of the roads all the time. If successful, it will lead to appropriations eventually for hard surface roads.

In the meantime an attempt will be made to put through the legislature an amendment to the constitution providing for a road tax, probably of ten cents. After the resolution has been introduced there will have to be a vote taken; so the amendment can not be passed until 1913 or 1914. In the meantime this other appropriation will furnish funds to take care of the roads to a certain extent.

Two previous attempts to pass this road tax amendment have failed. One was made in 1908, the other in 1910. A peculiar feature of its defeat was in the fact that the heaviest vote against it came from farmers living along the roads, who would be most benefited by it. All the big cities of the state, paying about three-fourths of the tax, voted for it, while the farmers, paying one-fourth, voted against it.

Became Insane.

Charles Coombs, who said his home is near Burlington Junction, and who was arrested last night for being drunk, became violently insane in a cell at central police station Friday at St. Joseph. He was attended by Dr. W. H. Litter, assistant city physician, and was transferred to the padded cell for fear he would harm himself.—The News-Press.

Left for Oklahoma.

George W. Lieber of Oklahoma City, who has been visiting in this city with his brother, Mrs. John Lieber, and his sisters, Mrs. Gallatin Craig and Mrs. O. L. Holmes, left for his home Friday morning, stopping in Kansas City on the way.

Mr. and Mrs. Clark Andrews returned Friday night from a visit with their son, Arthur Andrews, and family at Conway Springs, Kan.

SOME GOOD REASONS

Why every voter should oppose the reelection of President Taft:

1. He signed the Payne-Aldrich tariff bill, and referred to it as the best tariff law ever enacted.

2. He vetoed the farmers' free list bill, the woolens bill, and other bills reducing excessive tariff duties.

3. He has failed to take any steps to lessen the present high cost of living.

4. He supported Baillinger in his efforts to turn rich coal deposits in Alaska over to the Guggenheims.

5. He has used federal patronage to maintain a political machine manipulated in his behalf.

6. He abandoned his official duties to enter into an undignified scramble with his predecessor for renomination.

7. He has lost the confidence of his party and of the people.

8. He failed to support Dr. Wiley in his administration of the pure food law.

9. His trust policy has helped the

trusts and brought no relief to the people.

10. His administration has resulted in disappointment and failure.

11. He is a reactionary.

12. Ex-President Roosevelt, who knows him best, says of him: "He has proved faithless to the cause of the American people."

POLITICAL NOTES.

(From Democratic Bureau.)

If Taft's nomination was tainted with fraud, as Hadley charged and proved, what has since occurred to make it pure? Was Hadley a paid advocate at Chicago, or is he a paid advocate now? What was dishonest in June cannot be honest in November, and attempted disfranchisement added to open fraud cannot remove from the Republican party the stain of dishonor nor make it possible for an honest Republican to vote his party ticket this year.

What Major Has Done for You.

1. Sustained full weight statute saving \$500,000 annually to Missouri farmers.

2. Sustained stamp act and turned \$100,000 into state treasury for good roads, which fund is growing at the rate of \$100 per day.

3. Convicted oil trust in United States supreme court and collected \$100,000 fine for state.

4. Convicted lumber trust before commissioner; fine to be assessed later.

5. Forced beef trust to dissolve National Packing company.

7. His vote with Roach and Gordon on equalization board prevented 300 per cent increase in your state tax.

These things Major has done for you. Now what will you do for him? He has been your friend. Will you be his friend now?

Major is the Democratic nominee for governor. Election November 5th.

The question of taxation is uppermost in the minds of Missouri voters this year. It ought to be. The Missouri taxpayer was never in greater danger. With the single tax amendment on the ballot and the Republican state platform and candidates endorsing Hadley's attempt to treble the taxes, it can readily be seen in what peril a Republican victory would place the taxpayers of the state. Veto the Democratic ticket if you would keep your taxes down.

Coming Home Sick.

Miss Ethel Huddelson, who went to Shelby, Ia., in August to resume her employment with a millinery house there, will return to Maryville Saturday evening for an indefinite stay at the home of her cousin, Mrs. B. Advanced Seniors Entertain.

The advanced senior class of the high school gave a party Friday night at the hall of the Knights and Ladies of Security as a courtesy to the high school faculty and beginning senior class. The hall had been greatly beautified with autumn leaves. Progressive dominoes were played, Ray McPherron winning the prize. On the arrival of the guests each had his fortune told by Miss Carrie Margaret Baker, who has become very proficient in reading the lines in one's hand. She had each one alone and safe in a booth with her while she told their fortunes, and no one heard of the many things that are in store for each, but as every one was the happier for having visited her, it is safe to say that honor, fortune and fame will continue to be the lot of the Maryville high school graduates for at least two years to come. After the games a luncheon of chicken and brown bread sandwiches, cranberry jelly, salads, hot chocolate and pickles were served. The advanced seniors are Miss Hazel Everhart, Miss Carrie Margaret Baker, Miss Helen Helphy, Miss Hermione

LAXATIVE FOR OLD PEOPLE—"CASCARETS"

What Glasses Are to Weak Eyes, Cascarets Are to Weak Bowels—
A 10-Cent Box Will Truly Amaze You.

Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are muscles.

So all old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty.

Age is not a time for harsh physics. Youth may occasionally whip the bowels into activity. But a lash can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets, and they cost only 10 cents per box at any drug store. They work while you sleep.—Advertisement.

Fisher, Miss Vera Tilson, Miss Blanche Shipps, Miss Mildred Robinson, Messrs. Robert Brown, Edward Gray, Theodore Robinson. There are over thirty members of the beginning senior class, and the list has not been fully made.

SAID SHE WOULD FAINT

Mrs. Della Long Unable to Stand On Her Feet More Than a Few Minutes at a Time.

Pendergrass, Ga.—Mrs. Della Long, of this place, in a recent letter, says: "For five or six years, I suffered agonies with womanly troubles."

"Often, I couldn't sit up more than a few minutes at a time, and if I stood even a few minutes, I would faint."

"I took Cardui, and it helped me immediately. Now, I can do my work all the time, and don't suffer like I did."

"Take Cardui when you feel ill in any way—weak, tired, miserable, or under the weather. Cardui is a strength-building tonic medicine for women."

"It has been found to relieve pain and distress caused by womanly troubles, and is an excellent medicine to have on hand at all times."

"Cardui acts on the womanly constitution, building up womanly strength, toning up the nerves, and regulating the womanly organs."

"Its half century of success is due to merit. It has done good to thousands. Will you try it? It may be just what you need. Ask your druggist about Cardui. He will recommend it."

CHURCH SPEAKER GOT A SURPRISE

Accused Champ Clark of Blocking Liquor Legislation.

PROMPTLY DENIED BY MRS. CLARK

H. T. Laughbaum Did Not Know Speaker's Wife Was in His Audience Till She Rose to Defend Her Husband.

Vinita, Ok., Oct. 19.—Rising in a large audience in a church here, Mrs. Champ Clark, wife of the speaker of the house of representatives, pointed her finger at the speaker, H. T. Laughbaum, and told him he deliberately was misrepresenting the attitude of her husband toward the Shepherd-Kenyon bill that was pending before the last session of congress.

Laughbaum declared that when every effort possible was being made by prohibition leaders of the country to get the bill reported from the committee, the influence of the speaker was used against them.

"That is untrue," declared a woman who rose in the house. "I'm Champ Clark's wife, and I know that you are misrepresenting his position. You have no right to do it, and I am pleased to tell you so."

"Excuse me," she said.

Laughbaum protested that he was right and recalled some incidents of a conference of prohibition leaders in Washington a few months ago, when demand was made for a law prohibiting the shipping of liquor into dry territory, and he declared it was the consensus of opinion of men attending that meeting that Speaker Clark was obstructing legislation of that kind. Mrs. Clark remained standing until he had concluded his explanation.

"It is untrue," she declared again. "I know Mr. Clark's position. I have known him longer than you have. If you'll excuse me, I don't care to hear any more of the lecture."

"You are excused," said Laughbaum. Women Left the Church.

Mrs. Clark, accompanied by half a score of Vinita women, indignantly and with considerable flurry left the church.

Laughbaum is superintendent of the Anti-Saloon League of Oklahoma and had been called to Vinita by the temperance organization to deliver an address.

"I did not know Mrs. Clark was in the audience," he said later. "Had I known it, I certainly would have said nothing to hurt her feelings. While I believe the charges I made against Clark, I probably would have changed my method of saying them in the presence of his wife."

ARRESTED MORE SOCIALISTS

Even Speeches in Sign Language Termed "Rioting" by Sheriff at Little Falls, N. Y.

Little Falls, N. Y., Oct. 19.—Charles Rowe of Amsterdam and John Latimore of Utica were added to the Socialists under arrest here by the sheriff, Rowe because he started to read the constitution of the United States from a soap box and Latimore for addressing the bystanders in the deaf and dumb sign language.

Shortly afterward John E. Cole, public service commissioner of Schenectady, who tried to talk, was also taken to the station house. Each arrest was preceded by the reading of the riot act by Sheriff Moon and an order to the crowd, most of which was actuated by motives of curiosity.

Los Angeles, Cal., Oct. 19.—A Irvin Harrison, former United States army lieutenant, a son of J. Scott Harrison of Kansas City and nephew of the late President Benjamin Harrison, committed suicide in his apartments here.

Serious Kidney Disease Treated By an Old-Fashioned Doctor

S. B. HARTMAN, M. D.

In 1860 I was practicing medicine in Millsville, Pennsylvania, a thriving farming community. A prominent citizen of that locality called at my office one day in a very feeble condition. So much so he had to be assisted in alighting from his wagon.

I found on questioning him that he had been afflicted for about two years. He had consulted various doctors, among them a specialist from Philadelphia. They pronounced his disease to be Bright's disease of the kidneys. He was gradually falling in strength, losing flesh rapidly, and altogether presented a very pitiable spectacle, the remnant of a once strong and happy man.

I had been treating a neighbor of his successfully. This neighbor had highly recommended me and thus it was he had come to me.

He told me that the doctors had practically given up his case as hopeless and he felt free to consult any other physician. I hesitated to take the case, as I felt sure I could not do anything more than the other physicians had done. I told him so, yet he insisted upon my prescribing. I was a graduate of the Jefferson Medical Col-

lege at Philadelphia, and as one of the consulting physicians had been a professor in that college it seemed to me quite unlikely that I would be able to do any more than had been done, but I prescribed what seemed to be the best thing under the circumstances.

He went away and in a week he returned saying he was no better, that he was still losing ground. He judged that he had taken the same medicine before. No doubt he had. But he wished me to prescribe again. I did so.

This went on for about two months, the patient falling all the time, and I was becoming thoroughly discouraged with the case.

One day the patient said to me, "Doctor, why don't you give me the medicine you gave my neighbor? We all thought he would die, but your medicine cured him. This was why I came to you. Why not give me the same medicine you gave him?"

"But," I said, "your neighbor did not have kidney disease. It was a bowel complaint that I prescribed for in his case. I remember I gave him the Neutralizing Mixture that I make a great deal of use of in bowel diseases."

"Well, I want some of the same medicine you gave him. It worked wonders with him and I believe it will with me."

"But," I said, "this is not a medicine for kidney disease."

"Well, since you seem to be like the rest of the doctors, you cannot help me, why not try the medicine that helped my neighbor?"

After some hesitation I concluded to give him a bottle of it. In ten days he returned. He at once began to berate me in no complimentary words, saying:

"You knew very well this medicine would help me. You held it back merely to get more fees for treating me. From the first the medicine has helped me and I have made rapid improvement. If I could have had this medicine a year ago I should have been saved a great deal of expense and loss of time."

I replied that I was glad the medicine had helped him. I was somewhat confused by his brusque manner and rough speech. I gave him another bottle of medicine. Did not see him again for about three weeks. Once more he

called at my office for another bottle of medicine, which was his last call. A month or so afterwards a neighbor of his called and got a bottle of the same medicine, saying that my patient was practically a well man, attending to his duties about his large farm.

I had given him the Neutralizing Mixture which was a remedy that I had used before only for bowel diseases. The same remedy that has since been sold under the name of Peruna. I could not quite understand how it was that Peruna should operate so beneficially in such seemingly different diseases. I had not yet grasped the correct philosophy of disease. I did not then clearly comprehend that catarrh may affect the kidneys as well as the bowels. Nothing of that sort was taught in the books in those days. It took me years before I clearly comprehended that catarrh was a disease liable to attack any organ of the body.

Catarrh is a disease of the mucous membranes. The mucous membranes line every organ, duct and cavity in the body. Thus it is catarrh may settle anywhere where there is a mucous membrane.

Peruna is my remedy for all these cases. I insist upon it, however, that Peruna is not a cure-all. I use it for just one disease, catarrh. But as catarrh is liable to affect so many different places, disturb so many different functions, derange so many different organs, it does seem to many people as if I regarded Peruna as a cure-all.

The above narrative is simply one of the many cases in my early practice that brought me to comprehend the wonderful efficacy of Peruna in such a variety of diseases. The kidneys may be affected by other diseases than catarrh, but the average case of kidney disease is catarrh of the kidneys. All cases of Bright's disease begin with catarrh of the kidneys. This being true, and it also being true that Peruna is a catarrh remedy, it follows that a great many cases of kidney disease would be benefited by Peruna.

SPECIAL NOTICE—Many persons are making inquiries for the old-time Peruna. To such would say, this formula is now put out under the name of KATARRH, manufactured by KATARRH Company, Columbus, Ohio. Write them and they will be pleased to send you a free booklet.

The Baptist Meeting.

The meeting at the First Baptist church Friday night was largely attended. The audience listened with intense interest to a great sermon on the subject "What Will You Do With Jesus?" There was one addition for baptism. There will be no services this evening.

Rev. Smith, who has been assisting in the meeting, was compelled to return to Tarkio Saturday morning. However, he may be able to return and continue the meetings. This will be determined by the interest manifest in the meetings Sunday. Several converts will be baptized at the close of the services Sunday evening.

Everyone was delighted with the preaching of Rev. Smith. His preaching is intensely practical. He touches life at every point of its circumference. His sermons are prepared with great care. To him the Scriptures are the veritable Word of God. He is a preacher, pure and simple, not a controversialist; not a reformer; not a sociologist, but a preacher of the unsearchable riches of Christ. Men and women go away from his services better and happier than they came. He is faithful in the presentation of the elementary truths of the gospel, such as repentance toward God, and faith toward our Lord Jesus Christ; the absolute necessity of regeneration by the Holy Spirit; the persistent justification of the persistent and believing sinner; the witness of the Spirit to that justification; the glorious heaven for the good, and the awful hell for the impenitent.

It was a great pleasure to have him with us. LEE HARREL, Pastor.

WANTED GREECE TO KEEP OUT

Turkey Made Every Effort to Break Up Balkan Federation.

TURKS TO USE DISEASE GERMS?

Story From Athens Says Surgeons are Preparing to Spread Typhoid and Cholera Pestilence Among Troops.

Athens, Oct. 19.—The foreign minister at the sitting of the chamber of deputies announced that when Greece had declared war Turkey had made all kinds of efforts and held out all sorts of promises to have Greece break away from the Balkan confederation. Premier Venizelos read to the deputies a telegram from Crown Prince Constantine reporting that the Greek army had entered Turkish territory. When the premier had concluded the minister of war rose and announced the departure of the Greek fleet.

Amid cheering the president of the chamber asked permission of the deputies to send greetings to the legislative chambers of the allies now that "cannon are roaring in the name of civilization and Christianity is at war against barbarism."

Offered New Minister. Constantinople, Oct. 19.—The deputies from Constantinople of the Balkan ministers was not attended by any hostile demonstration.

Doubt prevailed up to the last moment whether Greece finally would throw in her lot with her Balkan allies. It is an unquestionable fact that the Turkish government made earnest efforts to have Greece withdraw its allegiance to the confederation.

Turkey also at the last moment offered to send a new minister to Athens—one more acceptable than Mukhtar Bay—but this effort likewise proved futile.

Heavy fighting is reported to have been in progress throughout the day in the region about Kirk-Kilesseh, northeastward of Adrianople. Large forces were engaged on both sides.

Servians Capture a Town.

Belgrade, Oct. 19.—There was great rejoicing here over an unconfirmed report that Servians had captured Belkama, a town of 15,000 inhabitants in the vilayet of Kossovo, Turkey.

Germs as Weapons.

Athens, Oct. 19.—Armed with test tubes full of typhoid and cholera germs, to be loosed against the enemy, a party of Turkish surgeons is on its way from Constantinople to Jamina, on the Greek frontier, according to a semi-official statement credited to a Greek government source.

FARMERS NEGLECT DRAINAGE

Land Owners Showed Little Interest in First Meeting to Discuss Subject in Missouri.

Jefferson City, Oct. 19.—A meeting of those interested in the reclaiming of lands and drainage in general of levees was held here, the first gathering of the kind in Missouri. There was a fair attendance of experts, but a lack of land owners in the sections of the state most interested that was rather discouraging.

The agricultural possibilities of land reclaimed and the proper crops to be grown was the subject of an address by Prof. M. F. Miller of the state university. Edmund T. Perkins, Chicago, formerly with the government reclamation service, and first vice-president of the national drainage congress, spoke on the advantages of utilizing drainage systems. The meeting is to be continued over another day.

Johnson Heavily Guarded.

Chicago, Oct. 19.—Twenty-five policemen escorted Gov. Hiram W. Johnson from the Grand Central railway station to his hotel. The large guard was ordered by Chief of Police McVeeny as a result of the attempt to assassinate Col. Roosevelt. Chief McVeeny said no chance would be taken of a similar attack on the colonel's dining mate.

Militia to Stop Gambling.

Kearney, Neb., Oct. 19.—Gov. Thomas R. Marshall of Indiana telegraphed his secretary at Indianapolis instructing him to send militia to the Mineral Springs race track in northern Indiana, providing the attorney general had ascertained that the Indiana gambling laws were being violated, and the sheriff of Porter county refrained from doing his duty.

Dog Saved a Woman.

Fort Smith, Ark., Oct. 19.—Mrs. Cranston Jones fainted and fell into a fireplace at her home in Rogers. A dog saw her fall and ran to the backyard, where her husband was at work, causing Jones to investigate. He found his wife in the fireplace and rescued her.

Scrubwoman Gets a Fortune.

Chicago, Oct. 19.—Mrs. Effie Bender, a scrubwoman who had lived in poverty here for years has just received the cheering news that she had been left \$250,000 by the will of Frank Mandell of Helena, Mont., a sweetheart of her youth.
